Boiler News

Volume 14

Sept. 2007

THE 75TH ANNIVERSARY PARTY WAS A HUGE SUCCESS

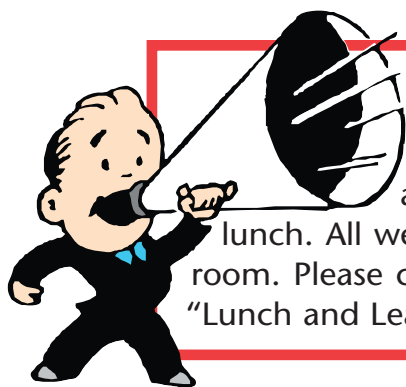

The bad weather held off and we were able to showcase the new products trailer as well as offer guided tours of the Stratford Plant. A big thank-you to all our customers who were able to attend. We would also like to take this opportunity to thank the management and staff of the Cleaver-Brooks Stratford Plant who were wonderful hosts for the day showcasing their fantastic facility – you truly run a world class operation! The time and effort that Cleaver-Brooks makes to continuously improve their products was also very evident by the revamped new product trailer – offering a hands on viewing of the latest boiler room technology – products with great savings of both energy and money to the end user.

Thanks again to all those who made it out August 22nd. Those who were unable to attend that day we will be

having the trailer at the Kinsmen Recreation Complex, Leamington for the Bounty of the County show November 20th and 21st 2007. Everyone is most certainly invited to take a look at the trailer during the trade show.

We held some lucky draws for door prizes and the following participants had their names drawn:

Joseph SebbenUnion Gas
Steve LasingIdeal Supply Co Ltd.
Bill O'PheeO'Phee Mechanical
Hugh CummingUnion Gas
Martin Van Brink ...Hobb's Welding & Boiler Service
George RobbRobb Engineering

CALLING ALL ENGINEERS

We would be most happy to enlighten you on the features and benefits of any of our product line. We will even bring the lunch. All we need is an hour of your time – an audience and a meeting room. Please contact Brad, Jerry or Donna to set up a date and time for a "Lunch and Learn" session.
